

**4D TECLASER**

**Hair Removal System**

Model: epil 65077

# 4D Teclaser

---

**3** = Permanent  
sessions hair removal

Hair removal  
Skin rejuvenation

# Theory

4D TECLASER Hair Removal System adopts the light selective absorption theory, heating the hair shaft and hair follicle to destroy the hair follicle and oxygen organization around hair follicle, thereby getting the permanent hair removal purpose.

## ■ 4 wavelengths

755nm targets the bulge of the hair follicle with more superficial penetration and is especially effective for superficially embedded hair in areas such as the eyebrows and upper lip.

808nm offers deep penetration of the hair follicle with high average power, a high repetition rate, and a large 2cm spot size for fast treatment. It has a moderate melanin absorption level making it safe for darker skin types.

940nm coagulates the microvessels around the hair follicle, cutting off the nutrient supply of hair follicles, sharply reducing hair regeneration power, and completely inhibiting hair regeneration.

1064nm offers the deepest penetration of the hair follicle, allowing it to target the Bulb and Papilla, as well as treat deeply embedded hair in areas such as the scalp, armpits, and pubic areas.

# Testimonials

---

DR. Yulima

I am very satisfied.  
This Laser is my 3rd device from this company.  
Trust worthy seller. Very good after-sales operate guide and service.

DR. Antonio

We are running a Cosmetics Day Spa in South Carolina.  
I bought and used 4D TECLASER before when the first DIODE came on the market.  
And I have bought another diode laser last year, SUPER POWERFUL with amazing result.

DR. Julia

I have the treatment for my whole body.  
This 4D TECLASER only takes 20mins to get amazing fast hair removal and comfortable experience, ADSS 4D TECLASER hair removal system is wonderful.

# Technical Advantages

## 01 Handle

- 12\*16mm large spot size offers large coverage and greatly shortens treatment time.
- 755nm+808nm+940nm+1064nm mixed output, destroys hair follicles and cuts off blood supply to hair follicles, avoids postoperative side effects.
- 600w high power ensures maximum safety and effectiveness.
- The lighter applicator weighs 0.7kg.

## 02 Tapered Tip

- Tapered Tip makes easier operation on small area hair removal

# Benefits

## 03 Interface

- Intelligent protection system ensures the safe operation
- 6-area icon records the shooting number
- Up to 4 wavelengths to permanently and safely remove any type of hair on all skin types.

## Return on Investment
